

CAVAS
WINE LODGE

Spa Day

For your healthy and relax, Cavas Wine Lodge suggests a hole day programme.

Scrub

Consists on a deep cleansing made with care that offers multiple benefits. We apply scrub products with a gentle massage that avoids skin ageing, activating the circulatory system; naturally desintoxicating the epidermis, eliminating dead cells and other impurities. It also allows a better oxigenation of the cells and promotes immediate soft and transparent skin.

(Duration: 30 minutes)

Body thermal mud

The thermal mud is a formidable source of energy and health due to mineral salts which are a vital necessity for the organism. Consists on the application of a layer of thermal mud over the skin and left for a convenient while until it dries completely. The key to this procedure are the minerals contained in the mud. It offers multiple benefits: eliminates the excess of oil in the skin, polishes and smoothens the skin, stimulates blood circulation, moisturizes, tonifies and works as a anti swelling.

(Duration: 45 minutes)

Body moisturizing:

A moisturizing cream is applied using a soft and delicate massage. This improves the quality of the skin by winning back the lost softness and elasticity due to its task which is to neutralice skin's pH, to provide oligoelements and necessary vitamins to avoid cracking and desquamation, increase the amount of proteic tissues that delay the ageing and act against free radicals.

(Duration:30 minutes)

Facial express

Consists on a face cleansing eliminating impurities that accumulate during the day, dead cells and skin residues.

(Duration: 30 minutes)

CAVAS
WINE LODGE

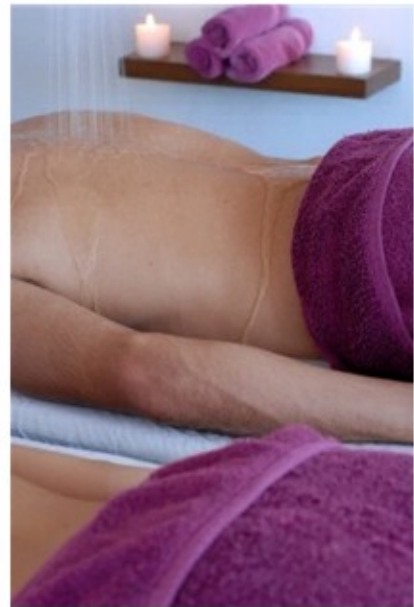

Lunch

Light and delicious lunch in the terrace with the spectacular view of Los Andes. Lunch includes three courses, mineral water or natural juices.

Massage

The massage works with applications that help eliminate localized pain caused by stress and physical tension. Its a deep massage concentrated on the zone where the contracture is located to relax muscles and release pain.
(Duration: 90 minutes)

Price per person Ars\$ 820.-
